

Check list to be filled out by the main applicant at the time of submission of the grant proposal to the SKET

please
check

- ☐ The required documents of **all** listed authors and co-authors as outlined in the information sheet ("Merkblatt") are included in the present submission.
- ☐ If more than one researcher (or research group) is listed as contributing author, the respective tasks and responsibilities are clearly defined in the cover letter.
- ☐ The author(s) confirm(s) that all legal requirements, including the appropriate Cantonal Ethics Committee (KEK) license or animal experimentation licenses are available before initiating the experimental work.
- ☐ When funding for the salary for a PhD /MD-PhD student is requested, the author(s) acknowledge their responsibility to cover the salary for the entire PhD or MD-PhD thesis period by funds provided by the SKET and/or other funding options.
- ☐ The present research project submitted to the SKET is currently **not** submitted in its entirety, or in part, to other funding agencies unless this is specifically mentioned in the cover letter. If the research proposal submitted to the SKET becomes funded in part, or its entirety, by another funding agency, the Board of Trustees of the SKET needs to be automatically informed.
- ☐ If the present research grant proposal represents a resubmission of a proposal that was previously rejected by the SKET, the changes made in the revised application have to be highlighted in the proposal and need to be also summarized in the cover letter.
- ☐ In case the submitted grant proposal will be funded, the author(s) are aware of their obligation to submit the financial and scientific reports in due time, and of the consequences of a failure to comply with these requirements.
